EASTERN STATES.

New York News.

NEW YORK, Dec. 13.—St. Petersburg papers received to-day by the steamship *Java*, express great satisfaction at the reception given the Grand Duke. German papers ridicule his reception.

ALBANY, Dec. 13.—Gov. Hoffman to-day informed the committee of New York Internationals that he could not determine what course to pursue in regard to the parade until he heard from the police authorities. It is reported that the Police Commissioners will revoke the order forbidding the parade of the Internationals.

Erie Railroad Stock.

NEW YORK, Dec. 13.—At 2 P. M. to-day the Erie Railroad Company restored 50,000 shares of stock claimed by English bondholders. Certificates were handed to Commissioner White who transferred them to counsel for defendants. The Union League.

PHILADELPHIA, Dec. 13.—The National Executive Committee of the Union League of America met to-day, and officers were elected for next year. A series of resolutions were adopted heartily endorsing the administration of General Grant and pledging the Union League to sustain the Republican nominee, whoever he may be, for President in 1872.

WASHINGTON CITY.

Congressional.

WASHINGTON, Dec. 13.—In the House, Hoar, from Committee on Education and Labor, reported a bill for the appointment by the President, with the advice and consent of the Senate, of a committee of three persons, to hold office two years unless their duties be sooner accomplished, who are to investigate the subject of wages, hours of labor and division of joint profits of labor and capital between the laborer and the capitalist; and the social education and sanitary condition of the laboring classes of the United States; also to show how the same are affected by existing laws regulating commerce, finance and currency; the committee to receive a salary of $5,000 each, and may employ a clerk. They shall report the results of their investigation to the President, to be transmitted to Congress. Hoar then proceeded to speak at length in explanation and advocacy of the bill, saying that he was quite sure that the measure, if understood, would receive the almost unanimous support of the House. A cry of discontent was going up from the laboring classes; they asked this legislation and it ought to be granted.

The Grand International Association of Workingmen, an organization which pervaded Europe, and was making its voice heard and its power felt everywhere would also ask of Congress this special measure. Referring to the Paris Communists he said but on the side of its story had been told, but he did not believe that the cause which inspired such heroism was a cause not entitled to the respect of Americans everywhere.

Dawes expressed surprise that Kerr and Wood should have objected to the bill and hoped objections would be withdrawn.

The Joint Commission.

WASHINGTON, Dec. 13.—The United States and British Commissioners resumed their session to-day. In the case of Jno. Holmes and Hanna vs the United States, the Commissioners stated that the United States cannot be held liable for acts of the rebels.

General Scheneck's Return.

NEW YORK, Dec. 13.—A Washington special says that General Schenck having accomplished his mission with reference to the Virginia Funding Bill, regarding his personal interests here as inexpedient, has suggested to the President to name his successor and call him home.

Retrenchment Committee to be Appointed.

WASHINGTON, Dec. 13.—The Republican Senators were again in caucus this morning for three hours. The result of the deliberations is that a Committee on Retrenchment will be appointed the same as other committees, but not jointly with the House nor with powers as contemplated in the Trumbull resolution.

WEST INDIES.

Surrender of Insurgents.

HAVANA, Dec. 13.—A document dated Puerto Principe, signed by over 3,200 insurgents who have recently surrendered to Government, has been issued. It says: We will in future adhere to the throne of Spain. We are now disposed to aid the Government. The country failed to support us and foreigners failed to send us aid. Spain is now sufficiently strong to maintain the integrity of her territory and all hopes of success are given up.

Reports received from the sugar districts relative to the new crop are very favorable. The cane is yielding well.

Ship Canal around Niagara Falls.

DETROIT, Dec. 13.—A Convention of those interested in cheaper and better water communication between the West and the ocean, assembled this morning. Resolutions and a memorial to Congress were adopted favoring a liberal policy on the part of the Federal Government in aid of a ship canal around the falls of the Niagara.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, Dec. 15.—Arrived, the *Orizaba* from San Diego, *Constitution* from Panama.

Weather warm and clear.

Telegraphed outside, steamer *Oriflamme* from Portland.

Stocks appear to be a little weak on the streets this forenoon, the few offering being at lower rates than yesterday.

The contract for the basement of the new city hall was awarded to Corcoran & Middlemiss at $3 75 per cubic yard of stone, and $7 per thousand for brick.

Opponents to the grading of Market street, between Valleneio and Sacramento, involving an outlay of $150,000, decide to employ counsel to contest the order of the Board of Supervisors.

Marin county ordered a special election on January 4th to decide the proposition to issue county bonds for $160,000 to the N. P. T. Co. to build a road from San Rafael to Tomales.

The Mission street railroad has resolved to extend their line at once to School House Station, San Mateo county.

OREGON.

Mr. J. F. Bowley, of Yamhill county, desires us to state that "a man named Connor," who ran away with "one wife and one baby twenty months old and one span of horses, the property of Wm. Savage, of Yamhill county," did not get his start in Yamhill. The parties all lived in Polk county.

THE TERRITORIES

Samuel Baldwin, one of the earliest merchants at Walla Walla, died suddenly at that place last week.

Ground has been purchased at Walla Walla for the erection of an Episcopal Church, and a handsome edifice will be erected next summer.

There is now iron enough at Kalama to finish laying the track of the Northern Pacific Railroad to Pumphrey's, and no further delay will be experienced in the work.

A satirical bill was introduced in the Legislature of Washington Territory at the late session to prevent and punish lotteries and gambling at church fairs. We don't know why a soberly earnest bill of this character should not have been introduced, and passed too.

The Walla Walla *Statesman* has a story that Mr. Garfolde and his friends held a caucus at that place and agreed on the removal of Judge Kennedy and the appointment of Judge Wilson of Oregon as Associate Justice of Washington Territory. The whole story is of a doubtful cast; and as for the appointment of Judge Wilson, we are sure he would not be such a gudgeon as to accept office in *that* Territory.

Work on the Columbia River and Walla Walla Railroad has actually commenced. The *Union* says: During the week there has been a gang of twenty Chinamen sent down to work between the Touchet and Wallula. We understand that more will be put on as soon as they can be hired. The company expect to keep a force of men grading all winter, if the weather will permit. Ground is "broken," and we hope the construction of the road will not be unnecessarily delayed.

Exoneration of David Dudley Field.

The name of David Dudley Field was mixed up some time ago in a discreditable manner with the Jim Fisk railroad ring. The *Westminster Review*, which had severely censured him, refers to George Ticknor Curtis' exculpation of his conduct in the premises, and publishes the following *amende honorable*:

The name of Mr. David Dudley Field is so well known and so much honored in this country that it may be as well to take the opportunity of rendering assistance to the task of clearing his good name from certain accidental imputations cast upon it, owing to his professional connection with some unhappy litigation to which the formation of the Albany and Susquehanna Railroad gave rise in the year 1869. The difficulty arose out of a number of complicated transactions in the share market, and a competition of two parties to elect a majority of the Board of Directors at an election which was to take place on the 7th of September. This could only be done by each party voting on all the stock on which it could lawfully obtain the right to vote, and by each preventing its adversary from voting on the stock not entitled to be voted on by the person who might undertake to use it. Mr. Curtis was requested, as a professional service, by an intimate friend of Mr. Field's, to examine the proceedings in connection with the complaints made against him in reference thereto. Mr. Curtis has accordingly published his "award" in full, and, among other important conclusions, determines that "whatever may be the true legal conclusions respecting any question of law or practice involved in any of the acts done or advice given by Mr. D. D. Field, or any member of the firm of Field & Shearman, in any of the proceedings, no just imputation of professional impropriety rests upon them, or either of them, on account of any such act or advice."

Flesh as the Wind.

We take the following from the Newark *Courier*, of November 10: We noticed a short time ago the wonderful flight of the carrier pigeon, Tempest. We have now to record the still more extraordinary time of two other birds sent home. The following notes were found on them on their arrival:

DEAR FATHER: September 25, 1871, latitude 27 deg. 10 min. north; longitude 79 deg. 30 min. west; 1004 statute miles from Montclair, N. J. I will let the male bird, Tornado, go with the note at exactly nine o'clock A. M., New York time. I let the bird, Tempest, go on the 10th. She rose up about five hundred yards high, and then made one tremendous plunge to the north, and was out of sight about as quick as a flash of lightning.

HENRY C. BLEECKER.

DEAR FATHER: September 21, 1871, latitude 28 north, longitude 93 west, 1595 statute miles from Montclair, N. J. I will let the old bird, Typhoon, go with this note at exactly 8 o'clock A. M., New York time. He is a powerful bird, but he has a fearful job on hand. He must go through it or perish. All well.

HENRY C. BLEECKER.

The bird, Tornado, arrived at Montclair the same day at 7:02 o'clock P. M., making over one hundred and ninety-six miles an hour. Typhoon arrived the same day at 3:54 o'clock P. M., and fell dead on his arrival, but he brought the note in the unprecedented time of two hundred two miles an hour.

CELESTIAL BABIES.—One of the first things impressing a traveler in China is the babies, the countless babies. Malthus, evidently, is not read here, or the New England native American non-propagation creed. "Multiply and replenish the earth," in our Bible, is in the Confucian classics, in another paraphrase. "Beget children, to be sure of having your bones well taken care of." "The more sons you have the better off you are in heaven." Girl babies, however, alas for the poor things, are deemed rather curses than blessings, more especially if you have many of them—such curses that often the little lasses are tumbled away to perish—boy babies, never. All the junks we passed or saw were more or less filled with babies—naked babies, mixed up with the cocks, and hens, and dogs, and kittens. Fathers were as often fondling them as mothers. The love of babies it is that makes up the Chinese countless numbers, ever populating the land, and forcing the poor often to starve, or live on kitten cutlets or puppy steaks. What we saw people eating most often on our boat journeys, was watermelons, pretty good ones, cantaloupes, that they nibble as monkeys would; then peaches, that nobody else could eat, they are so bad—with onions, onions, onions innumerable. Indeed, the whole population hereabout seems saturated with onions and opium.—*James Brooks' Letter in the New York Express.*

The Gaulois, aware of the national ignorance of geography, in alluding to the Chicago catastrophe, informs the Parisians that the artificial pieces of water in the Bois de Boulogne can only give them a faint idea of the Lakes Huron and Superior.

The Chicago *Post* says: "If Miss Eva Boston Nolan, a young lady who was born on Lincoln Park, on the night after the fire, will call at this office, she will hear of something to her advantage. (New clothes from her Yankee namesake!")

LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

WASHINGTON CITY.

Senator Williams Appointed Attorney General.

WASHINGTON, Dec. 14.—Akerman has resigned and Williams, of Oregon, is appointed.

Congressional.

WASHINGTON, Dec. 14.—Senate.—Frelinghuysen presented a petition from the Venezuela Steamship Company asking redress for the seizure of their steamers by Venezuela. He said complaints against Venezuela might yet necessitate severe measures on the part of our Government.

Sumner said he had examined the question and found his own country wrong.

Petition referred.

Buckingham presented a lengthy petition against woman suffrage. Referred.

Trumbull gave notice that to-morrow he would move the discharge of the Committee of House from further consideration of the House bill repealing the duty on coal and salt.

In the House, Barchard offered a

The Daily Oregonian.

FRIDAY MORNING, DEC. 15, 1871.

Judge Williams in the Cabinet.

The appointment of ex-Senator Williams as Attorney General of the United States, reported in our dispatches to-day, is a mark of distinction for Oregon. It is a recognition both of the ability of Judge Williams and of the growing importance of our State. Few men stand so well before the country as he, and none stand better; and his presence in the Cabinet will reflect credit on the Administration and give it additional strength with the people. This is the first appointment to a Cabinet position of any citizen of the Pacific coast, and Oregon is especially fortunate in receiving such recognition. Judge Williams will have large opportunities in his new position of assisting his State and caring for its interests. He has done much heretofore to make Oregon known to the rest of the country, and our State will now obtain new distinction through him.

The Democratic Dilemma.

Among those who are trying to devise means for winning the coming Presidential election against the Republicans, it is generally conceded that Democracy is a disability, and therefore that the candidate must be a man who is not identified with the Democratic party. This view is accepted by Democrats themselves. None of them now talk of nominating a thorough-going Democrat for President. All the recent utterances of leading Democratic politicians and journals point to the acceptance of a Republican or quasi-Republican as a candidate, if such a man can be induced to take the nomination. In the present condition of the party it is plain that no Democrat need apply.

It is amusing to note the diversity of expedients and opinions put forth by supposed Democratic authorities, at this juncture. The utter impotence of the party is shown by its spasmodic attempts to do something and its repeated failures to do anything. It was hoped that when Congress should meet, combined Democratic wisdom would be able to suggest some consistent plan to help the party out of its dilemma; but it is now confessed by the representatives of the party at Washington that they have nothing new to offer, and the party still drags and flounders in its slough of despond.

The plan of nominating Tom Scott, the railroad king, of Pennsylvania, for President, appears to have about as many advocates as anything else that has been proposed, and many Democratic organs are feeling the country upon it. There is a belief that this railroad magnate has power to take the great State of Pennsylvania out of the Republican column; in other words, that he has command of enough men and money to secure Pennsylvania to himself, which would give him a footing in the Presidential race. Beyond question most Democrats would be willing to hitch their party on to Tom Scott's palace car, if they thought they could run through to the White House. The Boston *Post*, a staunch Democratic paper, says that the "railway power of the country claims to be heard as a political element in the next Presidential election." Now though the *Post's* party has been vigorously deprecating the tendency toward "railroad monopoly rule," no one need suppose that the party would not accept monopoly leadership if it saw through this instrumentality a chance for success. Though the burden of Democratic complaint has long been and still is, the dangerous growth and increasing power of corporations, they would at once face about and make common cause with the corporations, if thereby they could win.

The British Claims Commission.

The telegraph reports the progress of this Commission, which is now sitting at Washington. It is composed of members appointed by both Governments, who are to settle claims for indemnity for the property of English subjects which was injured, seized or destroyed by the United States during the rebellion. One of its first rulings is that the United States is not responsible for property destroyed by the rebels. About two thousand claims have been submitted by British subjects; but it is believed that the losses were in most cases inflicted by the rebels, and therefore the claimants cannot recover. A few claims will be preferred by American citizens, but the amounts involved in these latter will not be large.

Many of the British claims are mixed up with consequential damages and other entirely foreign matters. These will all be sifted and separated. The doctrine agreed upon for adjusting the claims is substantially this: A British subject who has been a resident of one of the States of the Union, and has enjoyed the protection of our laws, is entitled to no more favorable consideration than a citizen in regard to the payment of a claim upon the Government for property taken for the use and subsistence of our troops, or destroyed or damaged during military operations in time of war. Under this principle the awards will be fair and equitable.

Great Britain's Policy.

The Boston *Advertiser*, in the following brief paragraph sums up Great Britain's revenue and industrial policy:

Every civilized nation on the face of the earth at this moment protects its trade and industries by every means in their power. Great Britain, the only nation of them all which has found its profit in taking up the cry of free trade, economists, is a model of protectionist governments. No interest needing encouragement ever went begging within her borders. If they were worth saving at all, the government has paid what they cost. Her theories have been thrown to the winds whenever her supremacy in the trade of the world has been questioned; and she watches, with a sleepless sagacity which no other nation approaches, every opportunity for gaining a foothold in countries which ought to supply the wants of their own people.

If it could be supposed that anybody on earth had any interest in the matter, we might ask the *Herald* to state what possible result it hopes to bring about by its long articles which defame the Republican party and President Grant, and eulogize the ten times rejected and condemned Democracy. But as no one has any sort of interest in the *Herald's* "leaders," or regards its attempts to galvanize its party into life as other than ridiculous, it is not worth while to ask any questions.

A man in Topeka, Kansas, disgusted at the boast of a puffed-up parent in a neighboring town that he has twenty-two children, settles him with the truthful statement that he himself is the father of twenty-four children, and has given twenty-two good educations. He deserves to be pensioned.

PACIFIC COAST DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, Dec. 14.—In the U. S. District Court an order was made to-day confirming J. White and C. H. Bradford as trustees for the management of the estate of the late Banking house of John Sime & Co.

Six car loads of freight from New York arrived overland last night, and it is announced that all the back freight will be along within the coming week. All the back mails have arrived.

The Liverpool, London and Globe Insurance Co. will probably purchase the new office building of the Pacific Insurance Co., at the northeast corner of California and Leidsdorff streets, having succeeded to its business.

Weather fine, with a warm wind. Barometer little lower.

In the Fifteenth District Court, the trial of Donovone, indicted for murder in Contra Costa county, is now going on. Much difficulty was experienced in getting a jury, as ten out of the first fifteen called had conscientious prejudices against rendering a verdict where the result was life or death. The trial will occupy several days.

The races at the Bay District Park to-day attracted a large crowd, the weather being exceptionally fine. The pacing race between Longfellow and Lady Sinclair, mile heats, three in five, was won in three straight heats by Longfellow. Time—2:23, 2:23½ and 2:24. The trot between Charley, Emma, Lady Gratten and Susie Hill, mile heats, three in five, was won as follows: First heat, Charley; second, Emma; third, Charley. Time—2:44, 2:49½ and 2:47.

The wind has shifted around to the northwest again this evening, and the prospect of immediate rain is not encouraging.

The detectives and regular police are working to ferret out burglars who have been operating all over the outskirts of the city with such success of late. There appears to be two gangs, who work in the same manner and with a common understanding. They have so far never carried off a single article of plate or jewelry.

INTERIOR CALIFORNIA DISPATCHES.

MOKELUMNE STATION, Dec. 4.—Alexander Burd, an old and respectable citizen, was shot through the breast and instantly killed, by John Williams, last night.

VALLEJO, Dec. 14.—The store of Mr. North, on Georgia street, was burned last night; damage to goods estimated at $6,000; to building, $200; the goods insured in the Imperial for $1,000. Burglars attempted to gain admittance night before last, but were unsuccessful. The fire is supposed to be the work of an incendiary.

SAN DIEGO, Dec. 14.—A discharged soldier, Kruker, shot by the Indians in Arizona some weeks since, died in the county hospital yesterday from the effects of the wounds.

A small detachment of the 5th cavalry left for Arizona yesterday.

The rivers are higher than they have been for the last two years.

LOS ANGELES, Dec. 14.—At Wilmington last night the store and dwelling occupied by H. Synausky was burned to the ground. Loss about $1,000.

Haylett's surveying party, S. P. Narrow Gauge Railroad, returned from the survey of the route to Hardyesville, on the Colorado. They find a good and practicable route to the Colorado river.

UTAH.

SALT LAKE, Dec. 14.—John Breasure, the fourth man charged with the murder of Dr. Robinson, was arrested this morning. The four were brought before Judge McKean this morning for examination. The testimony was startling. One witness testified to having seen the dead committed, at a short distance from the spot, and positively identifying John L. Blithe and James Tolls as two of the murderers. The victim was first struck with a short sword upon the head and then shot under the left ear. The witness described the whole affair as he saw it from the shadow of a fence, the night being bright moonlight.

CHEYENNE, Dec. 14.—A dispatch from Medicine bow this morning says No. 3 passenger train of last night is snowbound east of Cheyenne. The cars are reported all full, the snow drifting badly. Passengers are highly incensed.

The Name of Our River.

EUGENE CITY, Ogn., Dec. 14, 1871.

TO THE EDITOR OF THE OREGONIAN:

SIR: In your issue of the 12th inst. I notice a communication signed "An Old Citizen," treating of the name of our river. As there has been a great deal said and written on this subject, I would like to have my say, also. By way of preface, I will say that I came to Oregon in 1848, and settled in Lane county, where I have made my home up to the present time. During the gold excitement of '49 and 50 nearly all the settlers of this section went to California, and having but little to engage my attention, and having but few companions of my own age to associate with during that time, I endeavored to amuse myself by learning the language of the Calapooya Indians. This tribe inhabited and owned the country from the falls south to the Calapooya Mountains. For a season I made fair progress in my undertaking, my teacher being a chief of the local tribe where I then lived, between the Coast and Middle Fork of the river. But on pushing my inquiries further I ascertained the fact that the valley, or Calapooya Indians, were divided up into innumerable small or local tribes, all speaking the same language, but each having a different or local accent, so much so at least as to confuse a beginner seriously. This difficulty proved so great that I gave up the attempt in disgust.

Now for my *theory* as to the *proper* name of our river: each tribe having a different *accent* or *intonation* pervading their language, gave a different sound to the word when speaking it. Hence the different modes of spelling it among the whites. For instance: the tribes where my inquiries were mainly confined sounded it as though the middle syllable had a *th* in it, as if spelled thus—Wil-lath-mett—with the accent mainly on the middle syllable, while the local tribes near the center portion of the valley dropped the *th* and sounded it Wil-lam-mett, and those near the falls and along the Columbia dropped the *l* and substituted *a*, thus—Wal-lam-ett. The valley tribes formerly had the name for it, Multnomah, from the falls to the mouth, and Willamett, with its different accents or intonations, from the falls to the head, and persisted in so calling it as late as 1850. Each and every advocate of the different modes of spelling the name of "our river," in my opinion, may consistently console himself that he is correct, for they are *all* Indian pronunciations, except it be the placing of the letter c at the end of the word; this being, in my humble judgment, the only corruption, either English or French.

All the Indian pronunciations gave the word but three syllables, while those persons who see the word in print, without having heard it properly pronounced, give it four, thus—Wil-la-met-te—with the accent on the third syllable, this being the almost universal pronunciation in the Atlantic States. This would be obtained by dropping the last *e*.

Yours, &c., E. L. BRISTOW.

Presidential Opposition.

[From the Sacramento Union.]

Governor B. Gratz Brown of Missouri, in his late Message to the Legislature of that State, we are told severely attacks the President's policy in the management of the Southern States, and because of what he calls the tendency to centralization. If Gov. Brown or anybody else thought the South could be reconstructed short of the exercise of abnormal power by the Federal Government, it was a great mistake; and it will be time enough to complain of centralization after the President shall have shown a purpose to continue the line of policy which circumstances have made necessary to the restoration of order. No reasonable man suspects him of that intention. No President has ever shown a greater deference to the law or to Congress than Grant, and we have no fears that he will ever attempt to fasten a tyranny upon any State.

The country begins to understand this. The late message leaves no doubt about it. The President is in favor of a general amnesty, and that is as far as Gov. Brown himself has gone in Missouri politics. The "coalition" against Grant, at the head of which a late report put Thurlow Weed, Gen. Butler and Senator Wilson, is disavowed by all these gentlemen; and the Missouri coalition of Schurz, Brown and Frank Blair, will amount to nothing. The President's Message has flanked all opposition, and he stands to-day without a rival of any pretensions for the renomination, and stronger for re-election than he was in 1868. These States, we think, are sure for him: New York, Pennsylvania, Ohio, New Jersey, Illinois, all of New England, Virginia and four-fifths of the South, Wisconsin, Iowa, Michigan, Minnesota, Nebraska, Kansas, Oregon, Nevada and California. No other candidate could carry half as many electoral votes, and the country as well as the eminent party leaders regard Grant as the inevitable man. He can neither be defeated for the nomination by coalitions within the Republican party, nor for re-election by outside forces.

The college photograph business has grown so extensive that leading photographers make great exertions to obtain contracts at the larger colleges. At Yale the number of pictures taken for several years has been about 30,000 yearly, and the cost between six and seven thousand dollars.

Some ladies in Texas were desirous of doing honor to the editor of a local journal. So they presented their hero with an embroidered shirt, which contained a splendid history of Texas, and also pictures of the fruits and cereals of the State, all worked in red worsted.

A little boy at Athens, New York, lately put a rope around his neck in the barn and then slid off the hay to frighten his sister. He succeeded admirably, and will never scare anybody again.

The coal fields of West Virginia embrace an area of fifteen thousand square miles or about three times the coal area of Great Britain.

Failure of many of the most eminent physicians of San Francisco to cure a case of Rheumatism.—Triumph of the Unk Weed Remedy.

SAN JOSE, August 25, 1871.

DR. A. M. LORTEA & CO.: This is to certify that I, the undersigned, have been sick for five years with Rheumatism, and have been treated for many ailments. My trouble has been weakness of the back and side, and wandering pains at every body. I have been treated by many of the most eminent physicians of San Francisco, as well as of this city, but without any relief. At last I was induced to try your UNK WEED REMEDY, and the result was that after taking the contents of two bottles I found myself quite relieved. To all afflicted with Rheumatism, I say TRY THE UNK WEED REMEDY, and you will be cured. Yours truly, JAMES AHERN, San Jose.

The Daily Oregonian.

PRIDAY MORNING, DEC. 15, 1871.

CITY.

WHITHER AWAY so FAST?—Our reportorial cotemporary of the *Bulletin* is so obliging that if we had a new hat (one of Mensedorffer's silk plugs—a "Pacific Slope" would not fit our Clay head—) we would send him our old one at once. Forsooth, because we entered the list of "homely men" against him for that jack knife, he proposes to withdraw from the contest and let us take the prize by default. The race was just getting exciting, and we were looking forward to the enjoyment of some honors, even if we could not hope to beat so gifted a candidate as our cotemporary. We were really not falling behind very rapidly, in a fair, square competition upon the merits of the case. As the light stood, Wednesday night, it was a very pretty fight—Crocker (of the *Bulletin*) 22 votes and going it like a streak; Crandall (of the OREGONIAN) 18 votes and pulling hard after; and Murphy (of the *Herald*) in the dim distance with 15 votes. Now comes Crocker and proposes to "resign!" Our faith in a human man is shaken. We were prepared to tie to Crocker, for we had learned from our earliest copy-book that "Truth is homely" and our later philosophy had taught us that, generally, homeliness is truth. We believe, too, all the nonsense talked by moralists about "rough diamonds" and all that. We feel now, however, that we can never again look trustingly up to another homely man, whether he may be above and beyond us in any quality. We wouldn't, after all, care so very much about Crocker's resigning, only it is so much like the man who was elected by the jury to be hung. He proposed at once to "resign," and go home; and he would have done it only the Sheriff couldn't see it in that light. Crocker, come back—bring along your lunch—stay and see this fight out.

ONLY THE COLOR STRUCK.—The Elko (Nev.) *Independent* of December 2d gives the following intelligence in regard to a gentleman who was once one of the Judges of the California Supreme Court: "Judge C. H. Byars, well known throughout this coast as one of the ablest lawyers in the country, but whose habits of late years had rendered him unfit to be intrusted with any legal business, has struck it rich since he went to Oregon, by being employed in an important case with Holladay for a client. A heavy fee was the result; if he won the case, which he succeeded in doing, and now is the owner of one of the best farms in Polk county, Oregon, stocked with some of the finest thoroughbreds in the State. Instead of being dead, as was reported at one time, he is still alive, and will doubtless drill his 'Arizona Guard' for many years to come." The foregoing information will be information indeed to the people of Oregon, and particularly of Polk county. In the first place, Judge Bryan was never an attorney for Ben Holladay; secondly, he hasn't got any farm in Polk county; thirdly, the only suit we ever heard of his being interested in was the one involving the title to Kalama; and fourthly, his client lost the suit.

THE LUTHERAN FAIR.—Last evening there was a considerable increase in the number of visitors at Armory Hall and everything was going on nicely. The exhibition of goods was somewhat larger and finer than on the preceding evenings—sales fair and voting lively. The "homely men" are rallying their friends nightly, and the jack knife is likely to bring a good round sum into the exchequer. There is much merriment over this feature of the fair. The voting for the teacher's cane, the doctor's chair and the preacher's watch, is attracting much more attention than at first. There is excellent music, too, by several gentlemen and ladies well known in society, who have volunteered their services. Altogether, the Armory is a very pleasant place just now to spend an hour or two or a dollar or two.

A SERIOUS AFFRAY.—The *Advocate* says: "On Friday morning during the passage of the *Mary Bell* from Westport to Portland, a dispute arose between the engineer and carpenter respecting the channel. The latter on retiring to pursue his work was followed by the former, who seized a wrench and threw it at him with such force as to make a deep gash into the left elbow joint and smash the bone, laying open the articulation. The injury, we learn, is a very grave one, likely to terminate in what surgeons call anchylosis; or stiff joint; or through excessive inflammation the loss of the arm. Dr. Dickson was called to take charge of the case, and from him we learn that the patient is doing as well as could be expected.

MILITARY DRILL—PRIZES TO BE GIVEN.—It is understood that the Washington Guard will have an exhibition drill on the 22d of February, their anniversary day, and that the officers will give prizes to a number of their best drilled men, the award to be made by a committee who shall decide as to the merits of the contestants. In addition to the prizes thus given, Gen. Bell offers to decorate the one man of the company who shall show the greatest proficiency in the drill. Gen. Bell made the same proposition to the Earnest Guard, the other night, and it is understood that the company will turn out on the 22d, and the men will compete for prizes.

OVER THE RIVER.—We learn from the *Era* that much improvement in the way of building is going on at East Portland. We know that this is particularly true of Holladay's and McMillan's additions. We hear of several new building enterprises, to be undertaken either at once or soon. Some lots have just been sold in McMillan's addition to a party who proposes to put up a livery stable. These and other lots have been sold at a handsome advance on the prices asked six months ago. The tendency of real estate over there is decidedly upward.

D. B.—A man named D. Beeton came over from Washington Territory the other day, got drunk and went to sleep in the street with several hundred dollars in his pocket. The "rollers" never suspected a clam-digger of having any money, and so D. Beeton was saved from being dead broke. They undoubtedly took him for a Dead Beat and thus missed his coin by a single syllable.

PORTLAND AID FOR HILLSBORO.—Messrs. Gill & Steele have contributed towards furnishing the new M. E. Church at Hillsboro a beautiful photograph Bible. Messrs. Hurgren & Shindler gave three pulpit chairs; Messrs. Emil, Lowenstein & Co., pulpit carpet; Jackson & Co., two large bracket lamps; E. J. Northrup, scrolls for pews; and Hibbard & McVeasy, two inside doors.

LECTURE COURSES.—The Vancouver Library Association has resolved to engage lecturers for the benefit of the Association, to deliver lectures during the next nine months, and a committee of arrangements has been appointed. In this city, the Washington Debating Society has taken the first steps toward securing a course of lectures, for the purpose of raising a library fund.

COLLECTION OF BIRDS, ANIMALS, ETC.—Mr. C. E. DuBois, of this city, furrier and taxidermist, has received an order from Yale College for preserved specimens or skulls of all the animals, birds, etc., of the Pacific coast. Any person taking game, may find it to their advantage to call upon or correspond with Mr. DuBois.

WHARF RIGHT.—At the last meeting of the Board of Trustees of East Portland, an ordinance was passed granting the right to C. P. Ferry and T. M. Lyon to construct wharves and warehouses in front of and butting upon blocks Nos. 7 and 8, and upon the foot of Q street, between said blocks.

NORTH FRONT STREET.—The City Surveyor's deputies were engaged yesterday in surveying North Front street, from G to the intersection with the railroad line, for the purpose of making estimates of the filling required. The street has been ordered improved.

THE FIRST REV. PASSENGER.—The Rev. J. Hoberg, of Hillsboro, is mentioned as the first passenger by the Oregon Central railroad. He came to the city the other day on the construction train from a point within two miles of Hillsboro.

DAMAGES CLAIMED.—A considerable number of East Portlanders are going for damages against the city, on account of the failure of contractors to complete the improvement of J street within the time specified in the ordinance.

MASONIC ASSESSMENT.—To-day, the 15th, is the last day for paying the last assessment upon the capital stock of the Masonic Building Association, in order to entitle the stockholder to vote at the annual meeting.

DESERTERS FROM THE ARMY.—The steamer *Hayward* brought down, yesterday, six deserters, under the charge of a sergeant, and landed them at Fort Vancouver. They came from Fort Lapwai.

EAST PORTLAND MATTERS.

[From the Era.]

Improvement is the order of the day in East Portland, and many gratifying changes are being made in matters pertaining to private residences and other buildings.

The City Assessment Roll for 1872 is at the office of City Recorder, and is open for the correction of errors in assessing and listing of property until to-morrow [Friday].

The abutments of the different bridges are giving away. They were placed upon dirt foundations, and the dirt having washed from under, they are rapidly sinking.

The sidewalks of the city are in a very disagreeable condition. They are covered with mud varying from one-half inch to an inch in depth, and so slippery as to render walking on them dangerous.

Owners of swine will have to keep their four-legged quadrupeds securely pounded up or the Marshal, by virtue of Ordinance [No. 80, published elsewhere, will seize and place them in the pound. When once there, then good-bye to piggy. The provisions of the ordinance are such that after the Marshal's fees are paid there is nothing left of the pig.

The plan for a bridge between Fourth and Sixth on J street, is in the office of the City Recorder, together with the estimate for the excavation and embankment on the street between Sixth and Twelfth. The plans for the bridges on L street, and also for the cut and filling required between Fifth and Sixth streets, are in the office of the Recorder for the inspection of those interested. Several property holders on this street exhibit their industry by doing their own work, having secured the necessary permission from the Trustees. Work is being pushed so rapidly that there is every prospect that this street will be open to the use of the public between Fifth and Sixth next spring.

RELIGIOUS INTELLIGENCE.

PERSONAL, LOCAL AND GENERAL.

[From the Advocate.]

Rev. Mr. Lowell, of the M. E. Church South, preaches regularly in the Court House in Albany on the first and third Sabbath in each month.

Rev. J. Flinn, of Jefferson circuit, spent yesterday in this city looking after some interests connected with the dedication of the new church at Jefferson.

We learn that Rev. L. Willis has been engaged to serve the Baptist Church at Salem as pastor. The condition of the Church, financially and spiritually, is said to be prosperous.

There will be a social religious meeting at the rooms of the Young Men's Christian Association every Friday evening, commencing at seven and closing at eight o'clock. Prof. McGilbeny will lead the singing.

The dedication of the new M. E. Church at Marshfield on Sabbath last was largely attended, and the services were interesting and profitable. An excellent sermon was delivered by Rev. W. Roberts. The Trustees' report showed collections in all amounting to about $700.

LOCAL BREVITIES.

The mails of late have been very irregular—an old *failing*.

The steamship *Ajax* is due here to day from San Francisco.

The marriage market is reported as no more active than last year. Why should it be?

The number of inmates in the County Hospital is only twenty—a considerable decrease.

Mr. De Prans has received an order for a splendid Burdett organ for the Masonic Temple.

On what milk doth our cotemporary feed that he should recommend the roofing of the cows?

We had beautiful sunshine yesterday forenoon, and then for the rest of the day a first class fog.

The new locomotive just landed for the Oregon Central Railroad is to receive the name of "Dullas."

"Whipping the devil round the lottery stump," as Brother Dillon would say, is going on very lively at Armory Hall.

We are glad to learn from the *Advocate* that "there is but one devil in the universe." We had thought there were more.

THE COURTS.

CIRCUIT COURT—UPTON, JUDGE.

MONDAY, Dec. 14.

Jacob Kamm vs Jacob Wilhelm; action, forcible detainer; cause submitted to the jury.

CONDITION OF MR. BILLS.—We regret to have to state that yesterday the condition of Mr. Bills was not improved. He is very low, and grave fears are entertained concerning his chances for recovery.

PERSONAL.—Capt Dick Hoyt, one of the O. S. N. Co's steamer captains, will leave by the *Ajax* for San Francisco and by railroad for the Eastern States, to visit and recreate.

LEAVE OF ABSENCE.—Mr. Tibbetts, a member of the East Portland Board of Trustees, was, at the last meeting, granted a leave of absence for five weeks.

LUNCH.—Remember that the ladies of the Lutheran Church Fair will set lunch to-day from 12 M. till 2 P. M.

BUSINESS NOTICES.

HATS, CAPS, ETC.—The old established house of J. C. Meusedorffer & Bros., cor. Morrison and Front, has in store a complete stock of hats and caps to suit the tastes of all classes. By the steamer *Ajax* he will receive several new styles of hats and caps which will meet with favor, as they are something new and elegant.

SILVER WARE.—Messrs. Jackson & Co., as is their annual custom, have just laid in, in advance of the holidays, a splendid stock of silver and other wares, both for useful and ornamental purposes. Their silver ice pots, glassware, etc., are very elegant and rich indeed. Their stock, in every other line, is also full, and of variety enough to suit all tastes. It is a good place to go for holiday presents.

DR. ABORN, an eminent physician now practicing in Portland, has effected some remarkable cures, as many testimonials from well known citizens of Oregon and California attest. The diseases to which Dr. Aborn has given his particular attention are those of the eye, ear and respiratory organs, and catarrh—a class of ills that usually baffle the highest medical skill. See card elsewhere.—*Walla Walla Union.*

S. L. Stone is giving more toys and fancy goods for six bits than any house in town does for one dollar.

THE GRAND DUKE ALEXIS has signified his intention of coming as far west as San Francisco. He will not be able to visit Portland, but he has given orders to J. O'Neil & Co. for a suit of clothes, as he is well aware that at that establishment can be had the best fitting, most stylish, and to cap the climax the cheapest suits to be obtained in this city. Not only have they excellent clothing but they have a full stock of Star Shirts, new ties, undershirts, drawers and the famous Guanaco Umbrella. It is unnecessary to say more. Go to O'Neil & Co's, 95 First street, and rest assured you will be pleased with what you see.

In the New York *Herald* we observe an advertisement to the effect that a whole Funeral can be had for $25. Well, that is decidedly cheap, but think of selling suits of Clothing at $18. It is done every day at Kuhn & Fisbel's, 91 Front-street, where they not only sell suits cheap, but it is so in everything they offer to the public.

FOR THE HOLIDAYS.—By the next steamer will be received at Kast & Richards, Front street, between Alder and Morrison, a large and elegant stock of goods for the holidays. They have a full assortment of winter goods in store and will be happy to see everybody.

Everybody says S. L. Stone is selling the best bit and two bit cigars in the city.

STILL JUST RECEIVED.—Gilt Parlor Furniture! Easy Chairs in great variety; Bonnet Stands, Card Receivers, Wall Pockets, Finished in Gilt, Walnut, Ebony, Wax and Marquetry. Call and see the Woven Wire Mattress at BURGREN & SHINDLER'S.

WORK of every description in the house finishing line will be done at short notice to the best of satisfaction. PAUL RICHTER.

As S. L. Stone is closing out at cost his fancy goods, toys and willow ware, this is the last chance to buy cheap.

I say, mister, where is the Postoffice? Why, it is next door to S. L. Stone's cigar and tobacco store.

Kris Kringle's headquarters is at S. L. Stone's, next door to the Postoffice.

Shocks to the System.

The first shock of winter tells tremendously upon enfeebled systems. Every one knows that in passing from a warm region to a cold one, or *vice versa*, the body requires as a protection against epidemics, an acclimating medicine. All travelers and voyagers admit this. It is equally necessary to acclimate the system in passing the confines of one season and entering upon another. Autumn is gone and Winter is here. Prepare the frame and the constitution to meet the change by a course of Hostetter's Stomach Bitters. This inestimable vegetable tonic increases the stamina of strength of those who take it and renders them proof to a great extent against the debilitating power of cold and damp. These two agents are as prolific of disease as tropical heat, and animal vigor—such vigor as this healthful and pure tonic diffuses through the whole organization—is a repellant which they cannot master. A large proportion of the colds, catarrhs, and pulmonary complaints which prevail in Winter, might be avoided, by strengthening and regulating the system in advance with this invigorant and alterative. Not that it is recommended as a specific for those complaints, but as a preventive of their causes. On the other hand, it is not only a preventive of, but a specific for the indigestion, intestinal irregularities, malarious fevers, bilious attacks and nervous affection, superinduced by a chilly and damp atmosphere.

NEW YORK LIFE INSURANCE COMPANY!

PURELY MUTUAL!

ASSETS.....$17,000,000!

ISSUED 9,025 POLICIES IN 1870.

Insuring Over $27,000,000!

WM. H. BEERS, Vice President and Actuary. MORRIS FRANKLIN, President.

AMONG THE ADVANTAGES OFFERED BY THE NEW YORK LIFE INSURANCE COMPANY are:—

1st. PURE MUTUALITY, so that the *entire surplus earnings* over the actual cost of insurance is returned to the policy holders who are the *only* members.

2d. AGE, having been organized in 1845. It has the benefit of the experience of a quarter of a century, and members are thus guaranteed from all doubtful *experiment* in its method of conducting its business.

3d. STABILITY AND PERPETUITY shown by the accumulation of a capital of *Seventeen Millions of Dollars*, after paying all losses promptly, and returning large dividends to its members. It has now an income of over *Seven Millions of Dollars*, and the interest on its investments, with premium on gold, &c., has been sufficient during the past two years to pay incoming losses.

4th. NON-FORFEITURE OF POLICIES. It *originated* the system of non-forfeiture of policies, and to it the public are indebted for a feature so favorable to the insured.

5th. SUICIDE does not cause a forfeiture of the policy, that being considered an evidence of insanity, and insanity the result of disease.

6th. DIVIDENDS. Its dividends are declared annually, and are available *immediately as cash in payment of premiums*. Many companies declare their premiums annually, but do not pay them till several years thereafter; others defer their declarations for two, three or four years from the time the policy commences. In this Company a party always has a dividend which can be used in the payment of the *second and all subsequent annual premiums*.

7th. ITS DIVIDEND SYSTEM is the "Contribution Plan," by which each member is charged with the exact cost of his insurance, and receives back his surplus payments. These dividends can remain with the Company, participating in its earnings, and be used at any subsequent period in the payment of premiums.

8th. LIBERALITY IN SETTLEMENT OF LOSSES. Experience has shown that cases arise where policies, although equitably claims, are not LEGALLY so. The records of this Company bear many acknowledgements from widows and relatives of deceased members of its liberality and fairness in settlement of all such losses. There being no stockholders in the Company to share its profits, interests adverse to policy-holders cannot possibly arise. the Trustees simply occupying the position of arbitrators between the members, with no inducement to take from one and give to another.

Our local finances have undergone no change since last week's report. Money is reported to be in good demand on the street with the best approved security offered for time loans. The banks report a fair call from our merchants which is met by them at 1 pc per month interest. Bank funds accumulate slowly owing to the call for short loans, but with the beginning of the new year it is expected that an easier money market will rule.

The volume of business shows a very marked falling off on previous weeks, which is very acceptable to our merchants, as the large number of vessels in our harbor with others due, all indexed with assorted cargoes,causes them to be very busy receiving goods. After the holidays it is the prevailing impression that business will improve under a fair demand from the towns and cities along the railroads and from Victoria and Puget Sound.

The bark *Grace Roberts'* cargo of Sugar is being turned out in excellent condition. Not a package is sweated in the least or shows being damaged in any other manner.

The bark *Helen W. Almy* is expected up from Kalama on Saturday.

The bark *Barracouta* will finish discharging cargo on the 18th, when she will be laid on for Liverpool.

The bark *Grace Roberts* will be put on the berth for San Francisco on Saturday.

The brig *Brewster* will complete her cargo to-morrow, and will go to sea on Monday or Tuesday of next week.

The steamer *Onyhee* made the last trip of the season on the Upper Columbia from Wallula to Celilo to-day.

The officers of the *Dixie Thompson*, report the bark *Ethel*, ship *Windward* and the bark *Alden Bess*, 157 days from Newport, Wales, outside the bar. Two of the vessels had her pilots on, and were expected to cross to-day.

WEEKLY MARKET REVIEW.

Produce Market.

WHEAT—The market for the past week has been very dull with only one sale made, which was by a speculator to a miller in this city, of 1,500 centals of shipping choice at $2 25 per cental cacked and delivered. Shippers remain firm in not offering over $2 20 per cental, sacked and delivered for strictly choice. In some quarters anides provails that shippers are "hoshing" money by contracting to England. The English and European market is open to all and any one can ship their cereals there or anywhere else they choose and have money on it here or in San Francisco if desired, by drawing a Bill of Exchange against the shipment The *Barracouta* will be laid on for Cork about Tuesday. She will take 21,000 centals. Her cargo is warranted to go through dry and will be landed on the dock as soon as she is tied up. Last Liverpool quotations came through at 12s 2d per cental.

Since writing the above a private dispatch has been received from San Francisco, dated 4 P. M., 14th inst., 5 o'clock P. M., reporting from the Produce Exchange, quotations at 12s 7d, and San Francisco market at $2 35@2 40.

FLOUR—Millers, since our last review, have again marked prices down 50c per bbl. The demand continues to be lowered by more owing to the price paid for Wheat. The local trade continues good, with a fair call from down the river. The steamer *Gussie Telfair* took out over 700 bbls for Northern ports, the most of which came from Walla Walla. The bark *Grace Roberts* will probably take someon for San Francisco. The steamer *Ajax*, due to-morrow, will probably take on for San Francisco 2,000 bbls. Mills generally during the fall are not running on full time, and the call from the trade is in excess of last year, and the amount exported is fair, stocks are accumulating, but is mostly a large quantity of cheap articles. We quote market for extra of standard brands at $7 ⅌ bbl; country brands, $6 75; superfine and outside brands, $6@6 50 ⅌ bbl.

BREAD—Quotable, both, 7½c; Pilot, 7½c; Butter, Family Mixed, 11½c; Glass marks, 11½c; Pilot extra, 11½c; Medium, 9½c; Navy, 6½c.

OATS—The market for the past week has been devoid of anything owing to light receipts, and prices are nominal at the demand being light. The O. T. Co. made a heavy purchase from a speculator, paying at the rate of $2 65 ⅌ cental, sacked and delivered here. The ship *Wind, Wind*, with 2000 centals on board, arrived on Sat'day, and will be ready for use up to this writing. The bark *H. W. Almy*, which arrived on the other yesterday, has on 240 centals, mostly for private use. Prices remain unchanged from last week's quotations, small lots still commanding $2 60@2 70 ⅌ cental, sacked.

BARLEY—With the closing of navigation on the upper Columbia, the Umatilla and Walla Walla districts are closed to on until next year, but as for us we have no more orders supplied with all required. We quote market at $2 10@2 20 ⅌ cental.

POTATOES—The receipts of Oregon are not equal to the demand. A schooner with 1,600 sacks choice Humboldt is expected here towards the close of next week. The steamer *California* is expected to have on 1,000 sks from Sound ports. We quote market for Oregon at $1 75@2 ⅌ 100 lbs in jobbing lots.

ONIONS—We quote market at $2 25 ⅌ 100 lbs.

APPLES—Receipts of fresh liberal. Quotable at 37½@50 ⅌ box.

BRAN AND MIDDLINGS—Quotable in lots for Bran $30 per ton; latter at $40 per ton, with an advance of $1 per ton for shorts.

CORN MEAL—Jobbing at $47 50 per ton.

BUTTER—Receipts during the week have been fair of Canary quality, but of strictly choice receipts are light with market firm. We quote jobbing prices for fresh choice to fine in rolls at 50 cts ⅌ lb; good, in rolls, 35@37½ cts; 22@25c; solid, 22@25c ⅌ lb.

CHEESE—Stocks on hand are accumulating, with prices declined, to home consumption. The new cuts from the market are superior in several respects to the Eastern. Cut Meats and about disappeared at retail or jobbing at 20 cts ⅌ pound more. We quote the market in bulk, 15c; Cheddars, 18c; Factory, 18c; Young America, 18c; Shoulders, 12½c; Lard, in tins, 2½@15c; in Kegs, 13@14. Johnson's new, 16c. Miller's new, 16c. Pork, in bbls, $22. Beef, in bbls, $16.

FRESH MEATS—Quotable at the following prices: Beef, 7@8cts; pork, on foot, 4@5 cts; dressed, 7@8 cts; sheep, $3 75@4 50 ⅌ head.

DRIED FRUITS—Market well supplied with receipts from the country. We quote market in jobbing lots for Dried Apples, 6@6½c ⅌ lb; in bags, 4@4½c. Dried Plums, pitless, 10@12c ⅌ lb.

WOOL—None in market. Nine would command 28@30 c ⅌ lb, as to length of staple and freeness from dirt.

HOPS—We quote market for Timothy, 12½@15c ⅌ lb, Clover, red, 2@3c ⅌ lb; white, 90c@$1 ⅌ lb; Orchard Grass, 17@20c ⅌ lb; Blue Grass, 60@70c ⅌ lb.

HIDES—We quote market in jobbing lots: Bayo, 4½c ⅌ lb; Buffar, 4½c ⅌ lb; Pos, 4½c ⅌ lb; Small White, 4½ ⅌ lb; Kips, 4c ⅌ lb.

POULTRY—Receipts are largely in excess of demand, and in consequence dealers have it all their own way, and are now paying for Grown Hens and Roosters, $5 ⅌ doz.; Turkeys, 15@17½ ⅌ doz.; Geese, $3@3 50 ⅌ doz.; Ducks, $4@5 ⅌ doz.; Teal, $2 ⅌ doz.

EGGS—Receipts for the past week have been light, not equal to the demand for local consumption, and in consequence prices have been advanced to 50c ⅌ doz; but with local demand supplied and heavy receipts, it is thought prices will give way.

The New York *Shipping List* says: Since our last a better inquiry has sprung up for Rio, and the sales have been larger than for a long time past. The business, it is understood has been mostly of a speculative character, the regular Trade still buying very sparingly as their Country demand is very small, we learn, however, at this period of the season, though consumers' stocks having run low by a prolonged absence from the market, it may be that a larger inquiry than formerly is now to be looked for from the interior. Holders continue very firm, still offering their stocks sparingly, and having been enabled to gain the advantage in the operations noticed below. Our revised quotations show an advance of one-quarter of a cent ⅌ lb, though the full improvement from the lowest point is called ½@¾c cent in gold, the whole market closing with more firmness than we have noticed for a considerable while past. It is expected that the inquiry now has will continue, at least until the more pressing wants of the Country Trade are supplied; at any rate a much more cheerful feeling prevails, and, though late in the season, a good trade is looked for before the close of navigation. The improved feeling noticed in our own market may also be noticed as prevailing elsewhere, a resumption of business bringing with it a more hopeful view of the situation. We learn that both here and at Baltimore, sales for Rio are made, both markets closing with more buyers than sellers. Our market for the other kinds is without improvement, the demand being very light and stocks accumulating in first hands.

CROCKERY—The New York *Shipping List* says:—Owing to advance in materials, wages, &c., manufacturers have given notice of a reduction of 5 ⅌ cent. in discounts for Spring orders, which is to and will be rigidly adhered to.
